### Description

[Additional information](#)

[Reviews](#) **23**

Gorilla 8.6 Blackout ammunition is here. We are doing the initial launch with two offerings, the 210gr Barnes TSX and 285gr Gorilla Subsonic Fracturing. Within the next few months we will be releasing 300gr Sierra MatchKing subsonics, 300gr Berger Hybrid OTM subsonics, and our subsonic expanding rounds. We are also developing a light supersonic fracturing projectile. We appreciate you being with us for this product launch and look forward to the continued development around this caliber.

#### 210gr Barnes TSX

- **Caliber:** 8.6 BlackOut
- **Projectile:** 210gr Barnes TSX
- **Muzzle Velocity:** 1970 fps in 12" barrel

Small Arms Ammunition purchasing disclaimer: You must be 21 or older to purchase rifle ammunition. All ammunition is shipped via UPS ground. Always ensure you use the correct ammunition in a firearm in good working condition. It is the responsibility of the consumer to know and comply with State & local laws regarding the purchase and possession of ammunition. Please check your local laws before purchasing.
