T2 - TRIPLE THREAT

\$90.00

When you need a choke for shots at the mid range, such as flooded timber mallards, dove and most sporting clays targets, and 16 yard trap, this choke makes the grade.

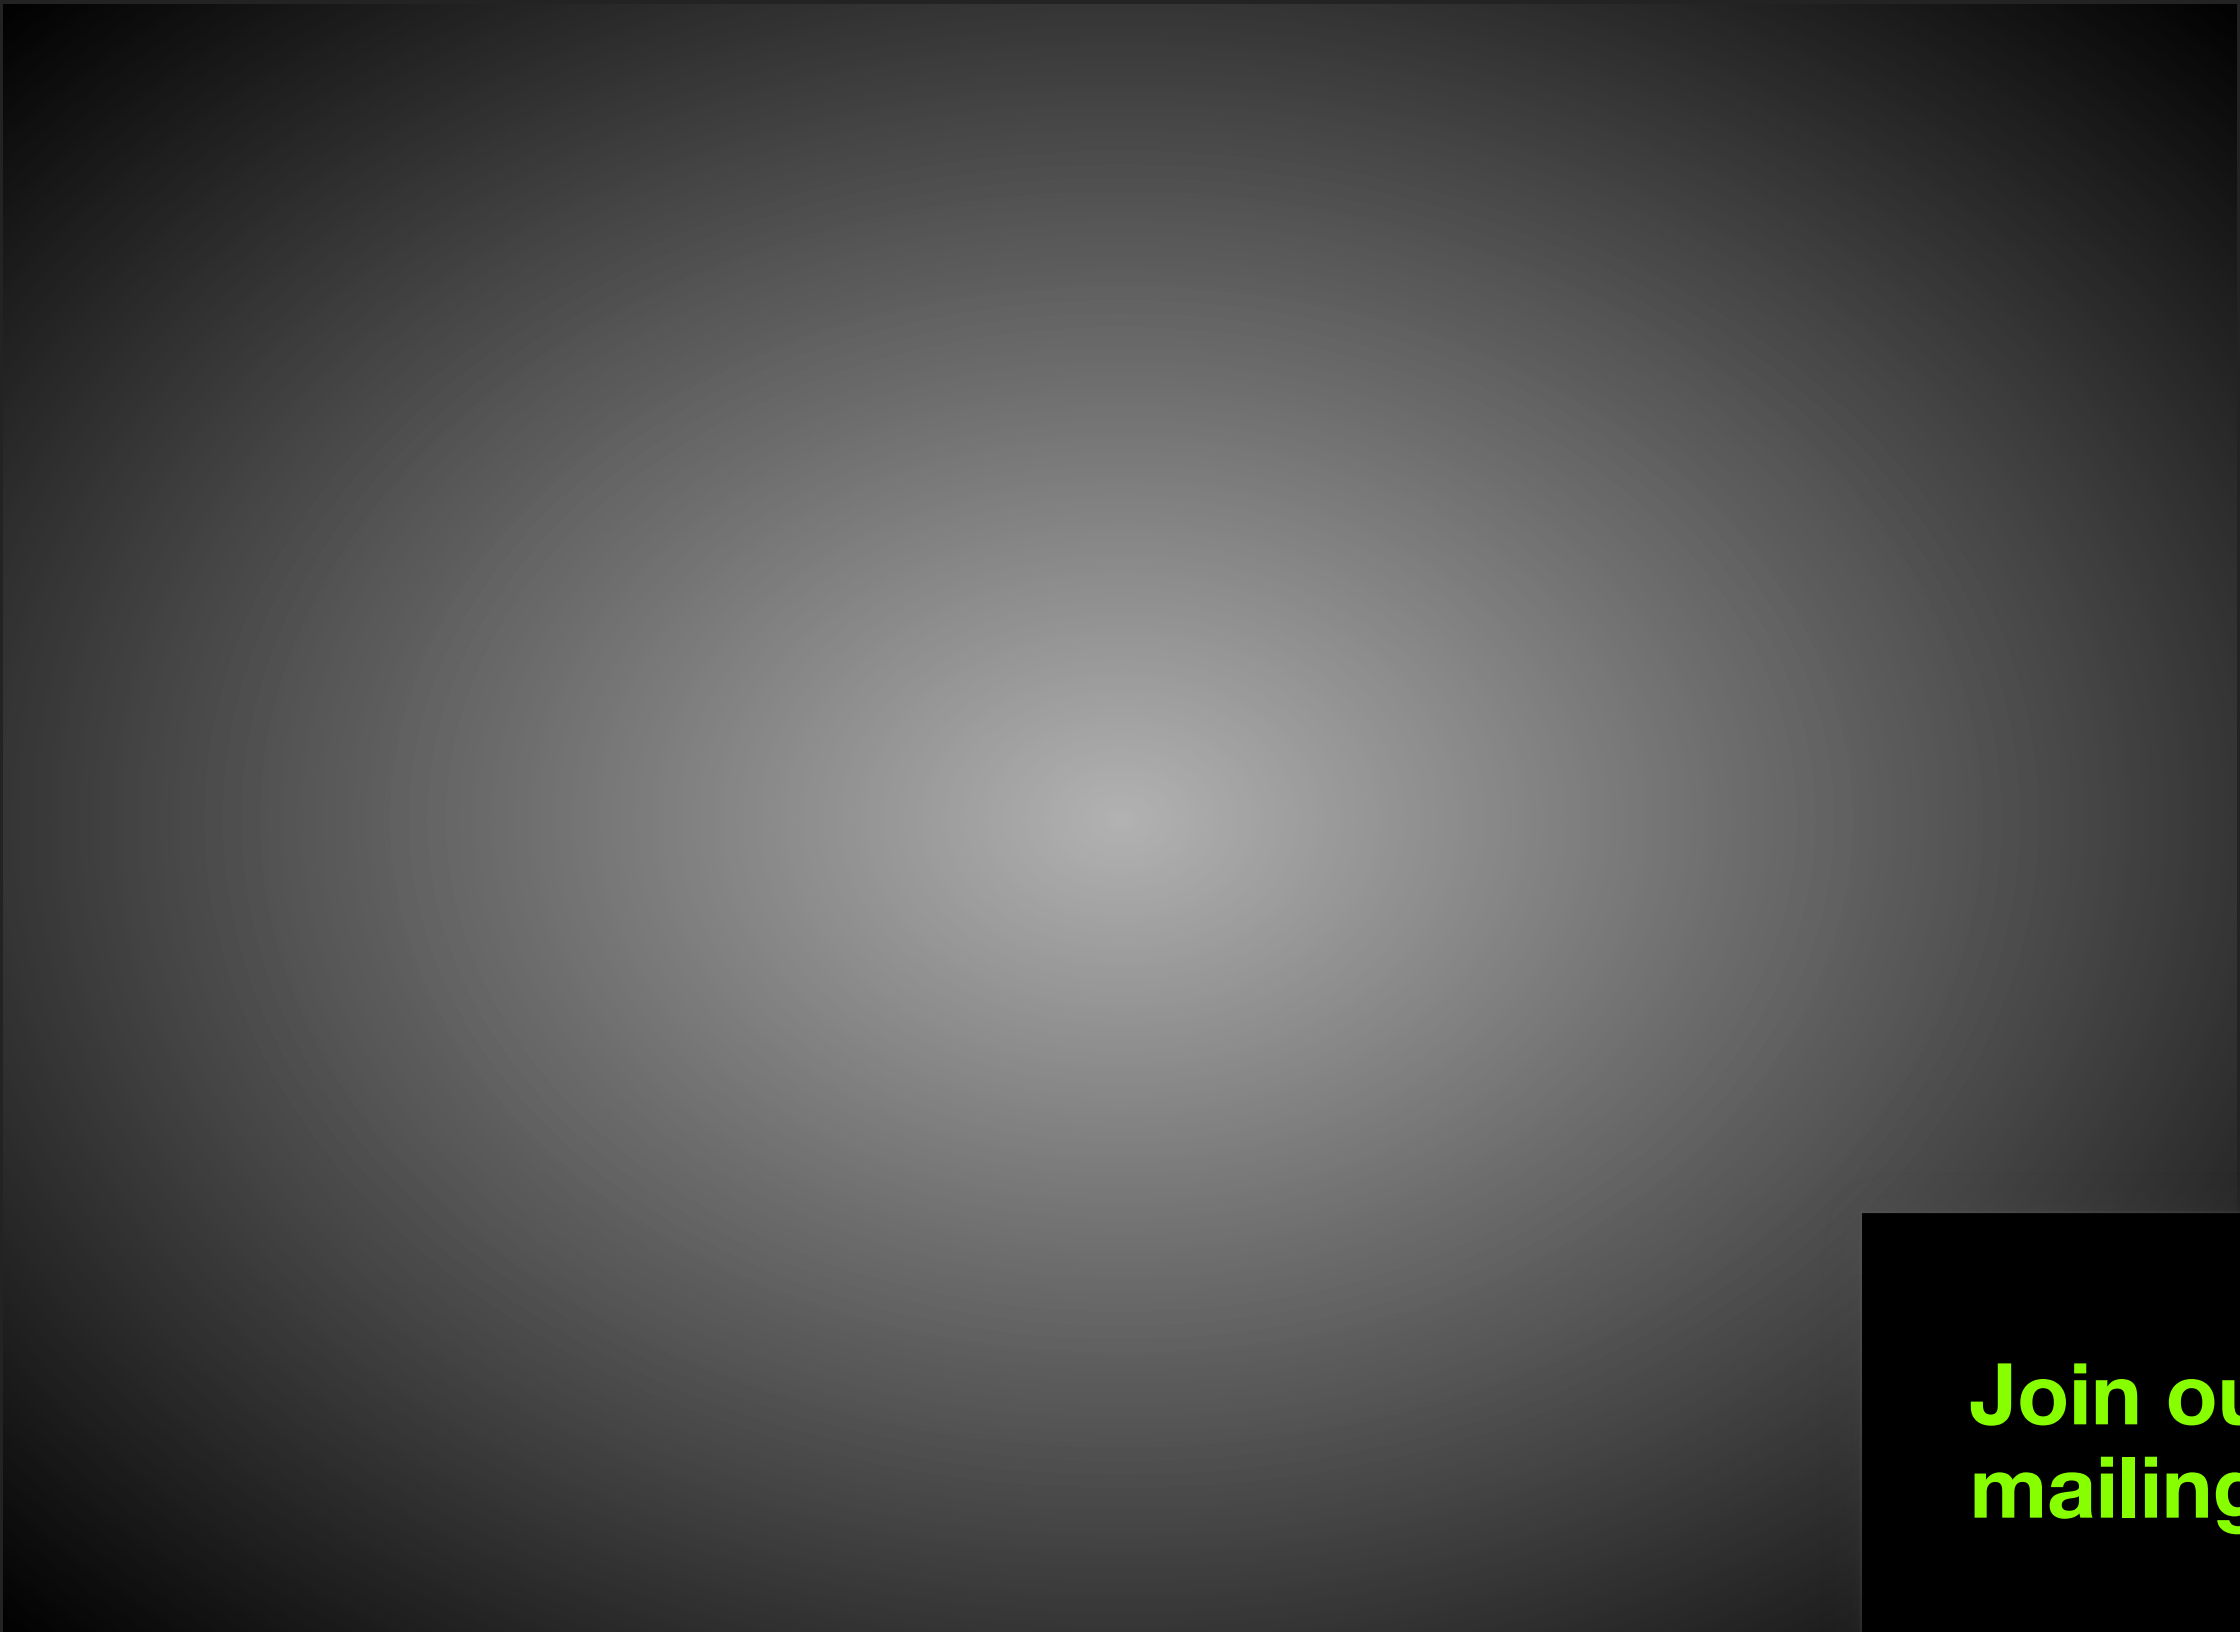

These choke tubes are built from years of product development and innovations using the highest advanced technology available. They are made out of 17-4 PH U.S. Stainless Steel. We use state of the art equipment and machine to tolerances way beyond the industry standard.
