

GAME TRACKERS AFRICA - ONDJAMBA SAFARIS – SOUTH AFRICA

“The Diggings” - Management Safari Area

...operates various hunting areas across South Africa providing us with specie flexibility to customise your hunt to meet specific client needs. This allows us to tailor your safari to ensure the optimum experience, best fit and maximum time in the veld – “Live the African Legacy!”

Our “The Diggings” – Central South Africa - Northern Cape Safari Area are situated in close proximity of Kimberley, the “Diamond City”. This 6000 plus acres area consist of 3 adjacent areas of approximately 2000 acres each and is based in the centre of the historical diamond diggings region. This area is ideal for a group of 3 hunters.

This management area provides the opportunity to hunters during this tough Covid and economic affected circumstances to explore and realise their dreams. This semi-arid region varies with habitats and ecosystems which includes Kalahari sand veld, savannah and Northern Cape bushveld decorated with iconic Camel Thorn trees. Most species of plains game, are sustained in this vast landscape and a wide variety of wildlife is on offer in this free roaming environment. Popular species include, but are not limited to, Buffalo, Blue Wildebeest, Blesbuck, Eland, Oryx, Kudu, Sable, Red Hartebeest, Springbuck, Burchell’s Zebra and Impala.

YOU WILL FIND IT SO QUIET – YOU WILL BE ABLE TO HEAR YOURSELF THINK

After a hard day’s hunting, you can retire to comfortable accommodation, enjoy the campfire and be entertained to fine dining in comfort. You will be able to share tales of exceptional hunts and whilst creating your own memories, make your dreams come true and continue the traditions of one of Africa’s most magnificent hunting grounds.
