Description

Schmidt & Bender is synonymous with quality and precision. This perception has made Schmidt & Bender one of the leading suppliers of precision scopes in the world. As early as the company's start in 1957, Schmidt & Bender has engaged in the development and production of riflescopes that always meet the ever increasing requirements of civilians and law enforcement alike. The [Zenith](#) line is no different.

The **Zenith** line from [Schmidt & Bender](#) is a universal, award winning line of riflescopes that offers something for everyone. With a wide field of view, the smaller magnifications make it easier for quick shots on fleeting game. The large magnification range allows the hunter to make accurate shots at long distances for rather small targets. Zenith riflescopes are a versatile group that are both aesthetically pleasing and completely functional for whatever hunters may demand. Schmidt & Bender is a name you can trust to deliver quality and reliable scopes.

The Schmidt & Bender Zenith riflescopes are one of the most universal scopes that will meet the most demanding needs of shooters. While the scope comes with plenty of features, these [accessories](#) can be a valuable addition to your scope. For what ever your scope may need, [EuroOptic](#) has you covered.

*Manufacturer Part Numbers (MPN) that start with a "7" do not include the Choose Your Light Illumination feature and instead have the Standard 1-11 Illumination Knob.
