### Product Description

**Description:** Beretta 80X Red Dot Optic Plate, Noblex. Developed from steel with a black finish, this Beretta optic mount is designed for the 80X Cheetah pistol chambered in .380 Auto with RDO milled slides. The optic plate fits the Noblex red dot sight or other optics that utilized the same footprint pattern. The mounting plate replaces the rear sight plate and attaches to the slide of the 80X Cheetah with the included mounting screws that comes with the kit. Take your Beretta 80X Cheetah pistol to the next level with this Beretta factory original mount and increase your target acquisition capabilities with a Noblex pistol optic.
