# *K95 ULTIMATE Carbon* TRADITION MEETS MODERN

Fig. shows K95 Ultimate Carbon with optional extras

The K95 Ultimate combines tradition and technology in a unique way. The two-piece ergonomically designed thumbhole stock ensures a completely relaxed hand position, as well as optimal control for accurate shooting. The Carbon fiber offers an astounding-ly high strength at an extremely low weight – this makes the K95 Ultimate the best choice when stalking long distances through impassable terrain. With the newly developed, modular stock options it can be adjusted to your individual demands.

## 1 | ADJUSTABLE COMB

The intuitively operated, multi-level adjustable comb ensures the perfect mounting in every situation.

Once the adjustable comb is fitted to your individual body proportions and your optics, the integrated memory function ensures return to the correct comb position for every shot.

## 2 | RECOIL ABSORPTION SYSTEM

The inserted recoil pad with recoil absorption system makes for a pleasant shooting experience – even with larger calibers.

The internal absorption elements are available in different hardness which can be adjusted to your preferences and produce a noticeably reduced muzzle climb while shooting.

## 3 | ADJUSTABLE RECOIL PAD

The adjustable length, height and pitch of the recoil pad offers a variety of practical advantages. It can be adjusted quickly and easily for different shooters or, depending on weather, different clothing situations.

### **K95 Ultimate Carbon**
