R8 Ultimate with recoil absorption system and adjustable comb

The R8 Ultimate sets a new standard in terms of functionality and design. The two-piece ergonomically designed thumbhole stock ensures a completely relaxed shooting position, as well as optimal control of the rifle when firing. With the newly developed, modular stock options, the R8 Ultimate and the R8 Ultimate Silence are exactly tailored to your individual needs. All of these options support our goal: to provide what is needed to shoot better in every situation.

R8 Ultimate with recoil absorption system and adjustable comb

1 | ADJUSTABLE COMB

The intuitively operated, multi-level adjustable comb ensures the perfect mounting in every situation.

Once the adjustable comb is fitted to your individual body proportions and your optics, the integrated memory function ensures return to the correct comb position for every shot.

2 | RECOIL ABSORPTION SYSTEM

The inserted recoil pad with recoil absorption system makes for a pleasant shooting experience – even with larger calibers.

The internal absorption elements are available in different hardness which can be adjusted to your preferences and produce a noticeably reduced muzzle climb while shooting.

The recoil absorption system, especially in combination with the R8 Ultimate Silence or another silencer option, offers unmatched comfort while shooting.

3 | ADJUSTABLE RECOIL PAD

The adjustable length, height and pitch of the recoil pad offers a variety of practical advantages. It can be adjusted quickly and easily for different shooters or, depending on weather, different clothing situations.
