#### Item Description

Please read the [Additional Terms of Sale](#) and [Item Characteristics](#) for important listing details. You must contact your FFL transfer dealer and have them send a copy of their license with your name, username, the item and order numbers to the seller.

You're looking at a custom Ruger M77 Hawkeye chambered in 416 Ruger. All custom work was performed by Ruger in NH and the paperwork for said work is included (Stock replacement, Polished Chamber, Reworked Bolt). The Green Mountain stock is really sharp and enhances the matte stainless finish of the bull barrel and bolt action. The rifle is pre owned and in good condition with expected signs of normal use such as discoloration of the muzzle device due to heat expulsion. The rifle is in perfect working order and comes with a rifle length soft case, the original Ruger paperwork and custom work history receipts as well as a set of factory scope mounts and Ruger gun lock.

Info and Specs:

- CALIBER: 416 RUGER
- Stock: Green Mountain Laminate
- Front Sight: Bead
- Rear Sight: Adjustable
- Capacity: 3
- Thread Pattern: 5/8"-28
- Barrel Length: 20"
- Overall Length: 41" - 42.50"
- Finish: Hawkeye Matte
- Material: Stainless Steel
- Model Option: Right-Handed
- Length Of Pull: 12.75" - 14.25"
- Twist: 1:14" RH
- Weight: 8.1 lb.
- Grooves: 6
- Shallow "express-style" windage-adjustable V-notch rear sight and large white bead front sight for instant target acquisition.
- Rugged, Green Mountain laminate stock is dimensionally stable in environmental extremes, and features a soft rubber butt pad with butt pad spacers that allow the rifle to be properly sized for different shooters or varying levels of outerwear (three, 1/2" spacers included). Wrap-around checkering provides a sure grip in any weather.
- The Ruger® Muzzle Brake System includes a removable, radial-port muzzle brake that significantly reduces felt recoil. For times when the brake is not preferred, it may be replaced with the included dynamically-matched muzzle weight. Switching between the brake and the weight will not change the bullet's point of impact for a particular load. The included thread protector may be used if neither the brake nor the weight is desired.
- Non-rotating, Mauser-type controlled round feed extractor is among the most positive case extraction system ever invented, and features a fixed blade-type ejector that positively ejects the empty cases as the bolt is moved fully rearward.
- The LC6™ trigger features smooth, crisp performance right out of the box for increased accuracy on the range or in the field.
- Hinged solid-steel floorplate for easy unloading without having to chamber each cartridge. Features an engraved Ruger logo and latch that is flush with the trigger guard to avoid accidental dumping of cartridges.
- Three-position safety is easily accessible and allows the shooter to lock the bolt or to load and unload the rifle with the safety engaged.
- Cold hammer-forged barrel results in ultra-precise rifling that provides exceptional accuracy and longevity.
- Integral scope mounts, machined directly on the solid-steel receiver, provide a stable mounting surface for included scope rings, eliminating a potential source of looseness and inaccuracy in the field.
- Rugged, one-piece, stainless steel bolt.
- Also includes: barrel band mounted swivel stud; optional forend swivel stud.
