CZ-USA

HUNTING AND SPORTING
FIREARMS

A WORD FROM THE PRESIDENT...

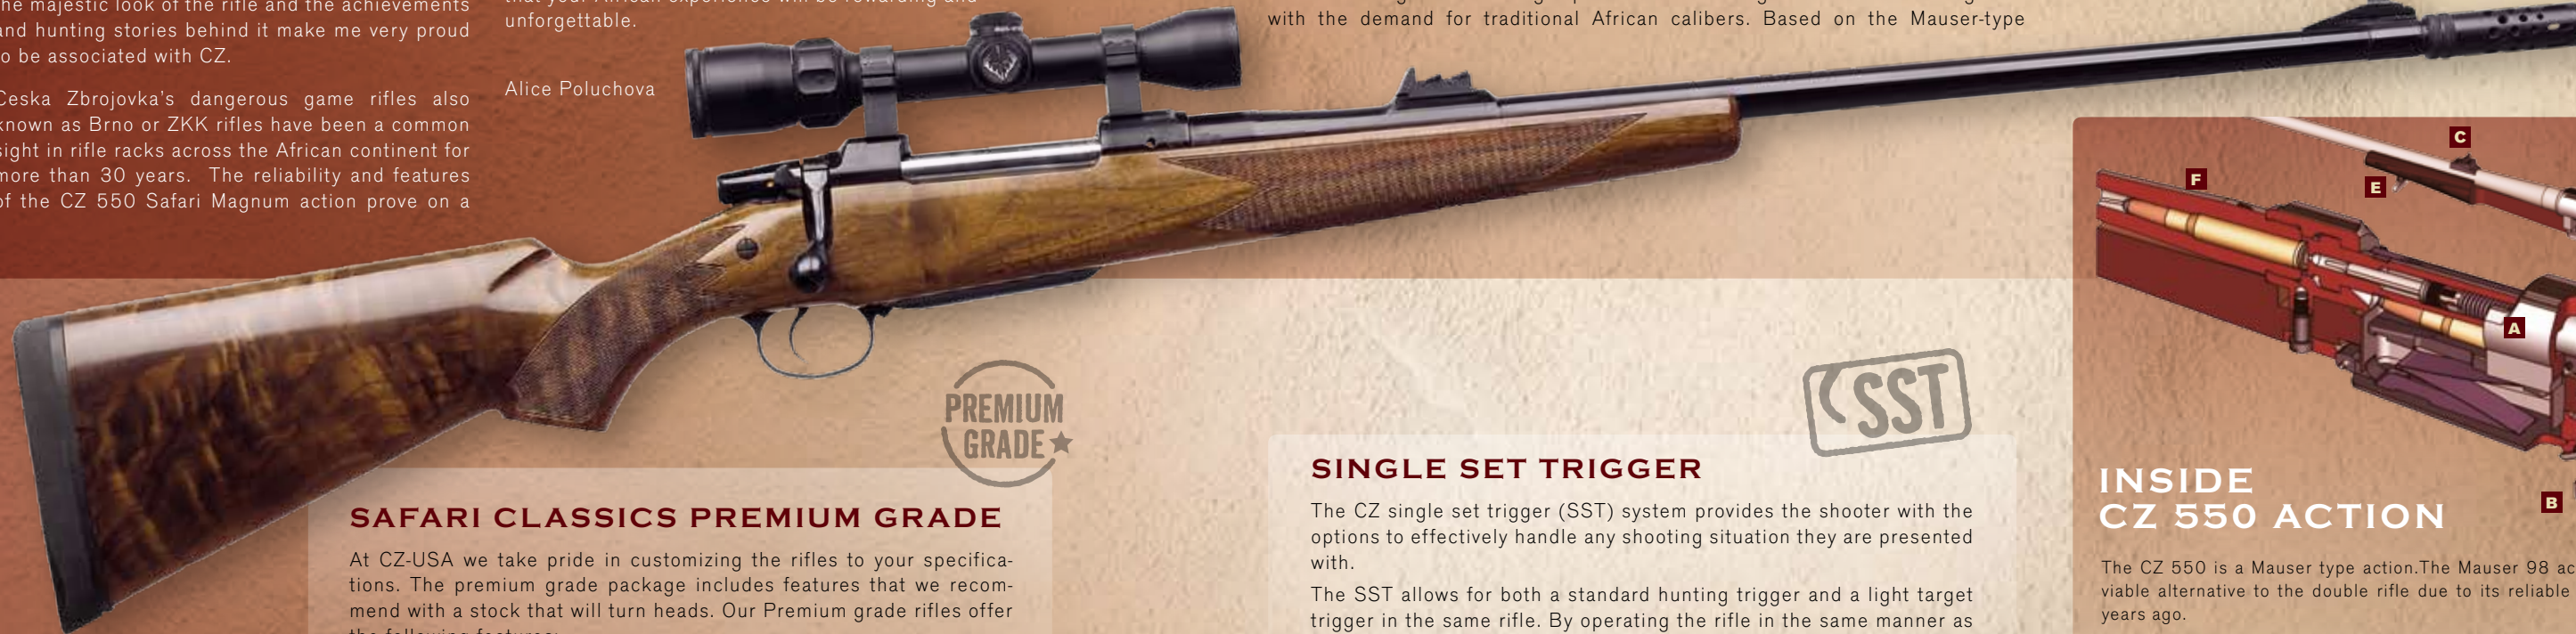

During my latest safari in South Africa I had the opportunity to compare my CZ Safari Classics rifle chambered in .450 Rigby to its predecessor, a Brno 602 chambered in .458 WinMag. Made in 1984, the Brno 602 is still in daily service with my PH. Time has put several scratches on the stock and the bluing on the metal parts has worn off, but the majestic look of the rifle and the achievements and hunting stories behind it make me very proud to be associated with CZ.

Ceska Zbrojovka's dangerous game rifles also known as Brno or ZKK rifles have been a common sight in rifle racks across the African continent for more than 30 years. The reliability and features of the CZ 550 Safari Magnum action prove on a

daily basis that it is one of the best-suited for the pursuit of dangerous game.

At CZ-USA we are ready to meet your African hunting needs, we build reliable rifles to your specifications and we will help you select the accessories you need for your hunting trip, all to make sure that your African experience will be rewarding and unforgettable.

Alice Poluchova

SAFARI CLASSICS PREMIUM GRADE

At CZ-USA we take pride in customizing the rifles to your specifications. The premium grade package includes features that we recommend with a stock that will turn heads. Our Premium grade rifles offer the following features:

- Jeweled bolt
- Complete action job with trigger pull adjusted to your specifications
- Stock from custom selected wood, gloss finish – glass bedded

Depending on wood preferences, the cost of the premium grade will vary.

ABOUT SAFARI CLASSICS

African hunting is considered one of the most exciting and rewarding in all hunting. Africa is a continent blessed with the richest variety of game, ranging from the smallest of antelope to the biggest and toughest of them all, the Cape Buffalo, Rhino and African Elephant.

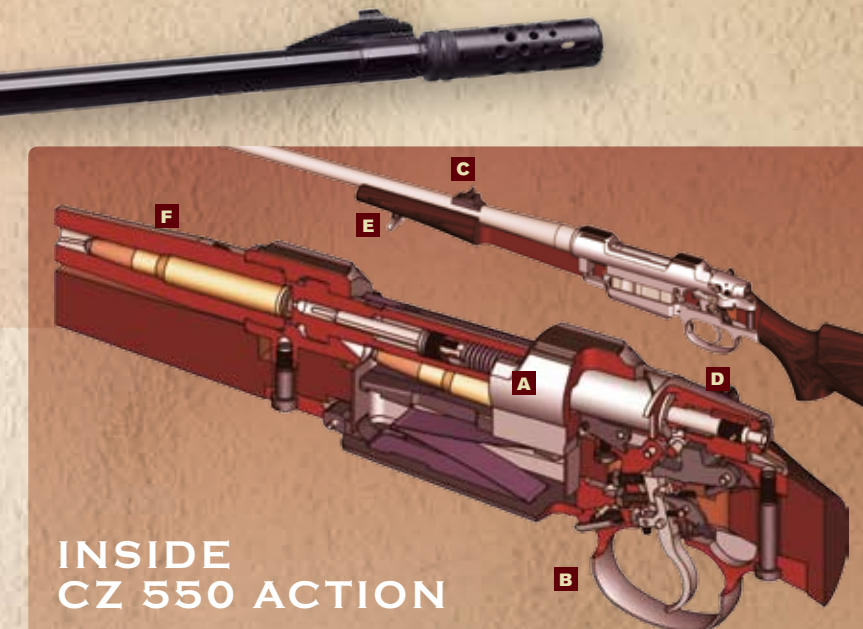

It is here where every hunter longs to be, matching his skills against those of his quarry... it is here where hunters demand a lot from their rifles.

We have brought the life-long experience and heritage of safari hunters together with the demand for traditional African calibers. Based on the Mauser-type

action, CZ 550 safari rifles offer time-honored features including claw extractors, controlled round feeding, drop box magazines allowing for one extra round, fixed ejectors, positive safeties and single set triggers.

Rifles, ammo, and accessories for your next safari are available from one source.

INSIDE CZ 550 ACTION

The CZ 550 is a Mauser type action. The Mauser 98 action established itself as a viable alternative to the double rifle due to its reliable feeding function over 100 years ago.

A - Square bridge receiver with 19mm dovetail | **B** - Single set trigger (some say it is a better aid to accuracy than a thousand dollar scope; single set trigger comes standard in all CZ centerfire rifles and it is up to the shooter to decide whether he is going to use it or not. It is fully adjustable by the user from the outside and you just simply push the trigger forward till you hear click and your trigger becomes a light target trigger) | **C** - Iron sights (folding 3 leaf express style sights are dovetailed into an integral boss on the barrel and are far sturdier than the typical set found on most production rifles) | **D** - Open grip curve on stock (minimizes the stress to the middle finger by the trigger guard bow while the gun is in the recoil phase) | **E** - Barrel band sling mounting point | **F** - Hammer forged barrel

SINGLE SET TRIGGER

The CZ single set trigger (SST) system provides the shooter with the options to effectively handle any shooting situation they are presented with.

The SST allows for both a standard hunting trigger and a light target trigger in the same rifle. By operating the rifle in the same manner as any other bolt-action rifle, the trigger is in the "standard" mode with the heavier of the two trigger pulls. By simply pushing the trigger forward until it "clicks" the crisp and light target trigger mode is set.

It has been said that the single set trigger is a better aid to accuracy than a thousand dollar scope.

CZ 550

AMERICAN SAFARI MAGNUM

.375 H&H MAG | .458 WIN MAG
.416 RIGBY | .458 LOTT

Model	Stock	Mag. cap.	Overall length	Barrel length	Weight (lbs / kg)	LOP

B C - pictured is #1 Fancy grd. American black walnut. Standard on SC models.
All CZ 550 American Safari Magnum feature single set trigger, express sighs, fixed magazine and hammer forged blued barrel.

CZ 550 RIFLES

The Professional Hunter Proficiency Exam in Zimbabwe tests the skills of the soon to be PH. This exam combined with the Rifa Professional Hunter and Guides training/ refresher course provides an insightful glimpse into the rifles these dangerous game professionals trust their lives to as well as those of their clients. According to Don Heath, Editor of African Hunter Magazine, the CZ is by far the most common make seen at the exam.

CZ, BRNO, ZKK rifles - all these names point to one gun factory located in the Czech Republic with 70 years of history and tradition of gun making. CZ 550

actions are revered the world over due to the time honored features. The Mauser style claw extractor for positive feeding and extraction, and compact trigger mechanism, which can be used as a standard or target trigger. The CZ 550 has a positive 2-position safety. All CZ 550s feature a classic square bridge receiver with a 19mm dovetail milled right into the receiver. All barrels are hammer forged and feature express sights (1 standing, 2 folding).

CUSTOM GRADE RIFLES

Each of the new Safari Classics rifles are built as the order is received. Because it is built especially for you, let us know if there is something you would like that is different from the standard configuration. We will do our best to make it happen.

LAMINATES

Our selection of stocks includes three laminate color combinations; brown laminate, sunset camo laminate and spring camo laminate.

SC 550 SAFARI CLASSICS

.300 H&H MAGNUM
.404 JEFFERY | .450 RIGBY
.505 GIBBS | .500 JEFFERY

LEGENDARY CALIBERS LEGENDARY GUNS

The modern medium cartridges can surely kill dangerous game, but there is a vast difference between shooting an undisturbed animal, compared to a charging one or a wounded beast. In this case stopping power is the most important criteria. Safety must always come first and the rifle that is capable of delivering results is imperative.

SAFARI CLASSICS RIFLES

Rugged, heavy duty and always goes “bang” when the trigger is pulled... the CZ 550 action remains a variant of the true magnum Mauser that is properly proportioned to accept the longest big-game car tridges. Safari Classics by CZ is currently offering five calibers in custom grade CZ 550 Safari rifles: .300 H&H Mag, .404 Jeffery, .450 Rigby, .500 Jeffery, and .505 Gibbs. The Safari Classics rifles feature single set trigger set up to your specifications, glossy, satin, matte or rust blue finish on metal parts, #1 Fancy grade American Walnut stock with dual

crossbolts and straight comb glass bedded to the individual action and a barrel band. The rifles chambered in .505 Gibbs and .500 Jeffery include a mercury recoil reducer installed in the stock as well. We have also added several optional upgrades for 2006 season that can be ordered at the time when you place your order. These upgrades include bolt jewellery, installation of muzzle break and action job etc.

Model	Caliber	Stock	Mag. cap.	Overall length	Barrel length	Weight (lbs / kg)	LOP
Safari Classics CZ v550	.505 Gibbs	Fancy American Walnut	3	1180mm (46.5")	610mm (24.0")	10.94 / 4.97	349mm (13.75')
Safari Classics CZ v550	.500 Jeffery	Fancy American Walnut	3	1180mm (46.5")	610mm (24.0")	10.94 / 4.97	349mm (13.75')
Safari Classics CZ 550	.404 Jeffery	Fancy American Walnut	4	1180mm (46.5")	610mm (24.0")	9.97 / 4.53	349mm (13.75')
Safari Classics CZ 550	.450 Rigby	Fancy American Walnut	3	1180mm (46.5")	610mm (24.0")	9.97 / 4.53	349mm (13.75')
Safari Classics CZ 550	.300 H&H Mag	Fancy American Walnut	5	1180mm (46.5")	610mm (24.0")	9.97 / 4.53	349mm (13.75')

D E - pictured is premium grade package above the #1 Fancy grd. American black walnut. Call for pricing. All Safari Classics rifles feature single set trigger, express sighs, fixed magazine, glass bedded fancy grd. American Walnut, 19mm dovetail, Express sights, barrel band, and two stock reinforcing crossbolts. The .505 Gibbs and .500 Jeffery also include a mercury recoil reducer.

AMMUNITION

The .404 Jef fery was introduced in 1909 by Jeffery of England to duplicate .450/400 (3 ¼") performance in a cartridge designed for bolt action rifles. The .404 drives a 400 grain bullet at a muzzle velocity of 2170 fps. The .450 Rigby is based on the classic .416 Rigby case. While it is has been around for only just over 10 years, this car tridge has gained a reputation as the most ef fective dangerous game stopping car tridge for standard magnum sized actions. The 465 grain bullet delivers over 2300 fps at the muzzle. The .505 Gibbs was developed as a proprietary car tridge for use in the Mauser type bolt action rifles by George Gibbs around 1910. The bullet weight is 525 grains and it leaves the muzzle at 2300 fps.

The .500 Jeffery is a rebated rim cartridge developed by the German company Shuler in 1928 for use in Mauser rifles. While there has been considerable confusion and multiple standards on the design, The CZ rifles and ammunition are built according to the most recent (1998) CIP specification. Pushing a 535 grain bullet at 2300 fps, the .500 Jeffery delivers truly impressive stopping power. CZ-USA offers its own headstamped ammunition to complement the Safari Classic rifles. The Solids are craf ted from a single alloy for superior strength, rigidity and hardness for the ultimate in deep, bone-crushing penetration. Our Soft and hollow point expanding ammunition are incorporate only premium bullets for all-around performance on big game, delivering deep penetration and controlled expansion.

CZ 550 ULTIMATE HUNTING RIFLE (UHR) .300 WIN MAG

- * One piece ring system machined from a single piece of aircraft grade Aluminum
- * Nightforce NXS 5.5-22 X 50 scope
- * 1 Minute of Angle Accuracy Guarantee to 600 yards
- * Premium hard case to protect the rifle.

The UHR is a CZ 550 based rifle in .300 Winchester Magnum that comes in at 8 lbs, and includes a minute of angle accuracy guarantee to 600 yards. By maintaining quality control standards unheard of in the industry, the Ultimate Hunting Rifle delivers a level of accuracy formerly only available from high-end custom riflemiths. The UHR allows the hunter to realize the full potential of the components in their rifle system. By ensuring that the rifle itself is very accurate, guaranteed MOA to 600 yards, the only variables left in the system are the optics, ammo and ability of the hunter.

Keeping in mind that the Ultimate Hunting Rifle is the foundation of a shooting system capable of extreme precision, CZ-USA has put a package together including a premium scope, rings and hard case to help realize the rifle's full potential.

The UHR was developed to perform with premium ammunition. Without consistent, quality ammunition, no rifle can reach it's maximum accuracy. The development of the rifle was done with Dynamic Research Technologies DRT 200gr ammo. Other Ammo that has proven to be accurate in the UHR is the 165gr. Hornady SST Interlock.

The CZ Ultimate Hunting Rifle (UHR) is the perfect complement to the Safari Classics line of dangerous game rifles. This rifle delivers the pinpoint accuracy hunters demand for surgical shot placement on plains game.

Model	Caliber	Stock	Mag. cap.	Overall length	Barrel length	Weight (lbs / kg)	LOP
CZ 550 UHR	.300 W Mag	American	4	1135mm (44.7")	600mm (23.6")	8.0 / 6.63	349mm (13.75')

NIGHTFORCE NXS 5.5-22x50

The Ultimate Hunting Rifle package incorporates a Nightforce 5.5-22x50 scope with target turrets, lighted reticle, and side parallax adjustment. The scope included in the package combines the premium quality of the Nightforce line with the rangefinding capability of their R2 reticle. By incorporating this scope into the system, you help to eliminate one more potential barrier to extreme accuracy.

The rings developed for the CZ Ultimate hunting rifle are machined as a single unit out of a solid piece of weight saving aircraft grade aluminum.

The bottom half of both the front and rear ring are connected by a reinforcing bridge. By machining from one piece of Aluminum, imperfect ring alignment is reduced greatly. In addition, the bridge connecting the rings increases the rigidity of the action. CZ's Scope mounting system incorporates a 19mm dovetail machined into the double square bridge of the receiver. By eliminating a separate base and screws used to attach the base, multiple opportunities for failure are eliminated completely from the system.

CZ-USA does not endorse irresponsible, extreme long-range hunting. When combined with practice, premium ammunition and optics, the UHR is intended to extend the range of the ethical hunter by 250 yards.

SAFARI CLASSICS APPAREL

The proper clothing is essential for the success of your next hunting trip. We are offering our signature series of 100% cotton apparel that will come in handy for any type of Safari or outdoor activity. Designed by hunters and used by hunters.

SAFARI CLASSICS LEATHER

Originally used only by hunters, the term “Big Five” refers to five of Africa's greatest wild animals – elephant, cape buffalo, lion, leopard and rhino. We are offering you the finest leather accessories made in South Africa for CZ. Our selection includes rifle bags, ammo & knife pouches and slings – items that you cannot leave behind when planning a hunting trip. The rifle bags are sized so they can accept a scoped rifle. The ammo pouches are designed to accept Magnum cartridges.
