This is a stunner of a rifle. A Dakota 76 chambered in 400 H&H Mag. Sporting a case-colored receiver with matching quick release case colored mounts on a beautiful stock, and topped with a Swarovski PVI-2 1.5-6x42 optic. There is a sling stud on a band on the barrel, and one in the stock. A great heavy game rifle that is ready to go with you on your next safari.
