This dangerous game canvas cartridge belt is made from heavy canvas webbing with an antiqued finish and heavy russet leather billets. Brass buckles and rivets are used throughout. These are built tough, I know as I have been using the same one for over 15 years! Belt is 3" wide with 20 enclosed cartridge loops.

The size 27"-36" measures 30 1/2 inches from the end of the belt buckle to the first buckle hole and 39 1/2 inches to the last buckle hole.

The size 31"-40" measures 34 1/2 inches from the end of the belt buckle to the first buckle hole and 39 1/2 inches to the last buckle hole.

The size 35"-44" measures 37 1/2 inches from the end of the belt buckle to the first buckle hole and 46 1/2 inches to the last buckle hole.

The size 39"-48" measures 42 inches from the end of the belt buckle to the first buckle hole and 51 inches to the last buckle hole.
