Full Description

At 450 quarts, the Grizzly 450 is an absolute monster. Whether you're preparing for a huge hunt or packing out a huge haul, we've got your back with maximum cooling capacity. The G450 can cover off on all your favorite activities. Pack in over 720 cans plus room for ice for your next big event. Speaking of ice, feel free to sink in to the 450 as an ice bath to maximize recovery after a hard workout, or just a hard day. Our deep and wide configuration allows plenty of space for you to fully chill with plenty of ice and water.

Rototough™ construction makes it rot-proof, dent-proof and leak-proof. The tie-down slots help secure your cooler wherever you end up taking it. The 2" drain plug allows quick and complete draining of your cooler. Like all of our hard-sided coolers, it comes with four lock holes to keep your cooler secure and your contents safe. The pressure-injected insulation is environmentally friendly.

The Grizzly 450 is now our largest premium hard-sided cooler. With maximum space and durability it's built to handle anything.
