HANDMADE IN THE HEART OF LONDON

LONDON'S ONLY GUNMAKERS OWNED BY A GUNMAKER

Watson Bros. shotguns & rifles are designed and made almost entirely by hand in our Tower Bridge workshop by a team of craftsmen, each one trained personally by proprietor and lead gunmaker Michael Louca.

We create bespoke pieces made to our clients' exacting requirements as well as restore and maintain guns from any best gunmaker, ensuring a legacy of quality and craftsmanship in every gun that comes through our workshop.
