John Bolliger .416 Rem Mag

SKU: JVT12172402

An exquisite example of Bolliger's craftsmanship. This rifle features a myriad of custom features.

Square bridges were added to the Mauser action that are fitted with Bolliger's custom QD scope mounts. When the scope is removed, the caps fill the bridges, leaving a clean look. Three position Winchester-style safety, a checkered knob was added to the bolt release, blackburn bottom metal, and a Rechnagel trigger, the Orbendorf style bolt handle is finely checkered with five panels. The barrel features a fully integral quarter rib, sling swivel, secondary recoil lug, and front sight with both quarter rib and front sight ramp finely stippled.

The muzzle is threaded for a muzzle brake and a thread protector.

The highly-figured English walnut is shaped in an American classic style and is finished off with Bolliger's signature fleur de lis checkering. It features a trap door grip cap, inletted rear sling swivel, a "widow's peak" ebony forend tip, and a gracefully done palm swell.

There's some scuff marks on the stock below the bolt release, but the rest of the stock is in great condition and the metal work is immaculate.

The scope is included!

\$12,000.00
