Product Overview

Lapua bullets are known for their extreme accuracy and superior ballistic designs. Lapua's selection offers top-notch match bullets for any demanding competitive shooter. Lapua's OT (open-tip) bullets are designed for extreme accuracy at long range, and are perfect for almost any long range shooting application from competition to hunting. This is not loaded ammunition.

Open Reply - Keyhole Bandit

Probably not good for long range applications. The farthest shot I ever took with the 9.3x62 was 300yds with a 250gr Barnes TTSX and the holdover was considerable. 9.3 mm is not considered a "long range" caliber and BC's are negligible. Just my opinion.
