**Your Price: \$10,900.00**

Categories: Rifles, Double Rifle

Manufacturer: ManuFrance

### DESCRIPTION

#### #16377 ManuFrance Hammer 303 Brit

Circa 1906, 28" barrels chopper lump, with very good chambers and bores (light scaling in the grooves).

Dolls head with third fastener, unusual side clips on the barrels, on face and tight. Some pitting on the rear of the tubes. 1/4 rib with one standing 3 folding leaves rear sight. Weight is 9# 14 oz.

None rebounding back action locks , articulated first trigger, extra-long tangs top and bottom , cartridge trap , steel butt plate with an LOP of 14". The wood is solid and shows some handling marks.

An interesting rifle that to no one's surprise, likes the heavier 215gr bullets.
