### DESCRIPTION TECHNICAL INFO TECHNICAL DATA SHEETS

#### 20ct - AVAILABLE NOW!

You've known us for our premium solid copper projectiles since 2009, and now for the first time ever, we are offering a line of premium fully loaded rifle ammunition!

Loaded with our best-selling [Maximus® bullets](#), this hunting ammo is designed for those who want maximum terminal performance for maximum take down power. After 2 inches of penetration, 4 petals break off and radiate outward in a star pattern while the base continues, giving you multiple wound channels. Our [patented SealTite® band](#) creates a complete seal as the bullet exits the barrel which is key to making an accurate monolithic projectile.

This versatile ammo is great for small to large game at distances of 0-1,000yds.

Velocity: 2820fps

This ammo requires a 1:10" twist or faster and has a G1 BC of .480.

Thomas M Verified

Mountain Goat at 815yards...

I harvested a Mountain Goat at 815 yards using the MTH 338 bullets. The performance was exceptional! Single shoot - took the SCI #46 goat.
