# MOUNTAIN EXTREME 400

KE-420-40013.0WIDE

\$520.00

When you're hunting Dall Sheep in the Mackenzie Mountains of the Northwest Territories, you may be surprised with six inches of snow in August. Others may wait it out in the tent, but your Extremes give you the wherewithal to continue hunting no matter what. There's nothing tougher than high altitude sheep hunts and no boot tougher and more comfortable than these. 4.2 lbs. Made in Italy.

Key Features:

- 10" tall leather uppers made with 2.8mm premium full grain leather that utilize a one piece vamp construction with no seams down the tongue for abrasion resistance and waterproofness
- Reinforced double and triple stitching in high wear areas
- 7mm nylon midsoles provide extra support with heavy pack loads
- Anti-corrosion boot hardware that swivels instead of breaking
- Reinforced rubber sole guard for extra abrasion resistance
- Windtex® waterproof breathable flexible membrane
- Features 400 gram Thinsulate™ for warmth without the bulk
- Lightweight K-Talon™ outsoles provide excellent traction

★★★★★ **Took then out west elk**

Took then out west elk hunting and my feet have never been so happy. Not a single blister. Best boots ever!

★☆☆☆☆ **Got a lemon**

I purchased the boots for an Alaskan hunting trip. When they arrived I tried them on and they were super comfortable with very little break in needed. Unfortunately I only wore them around the house for a limited amount of time and didn't really "test" them. On the first day of the hunt the weather...

★★★★★ **Outstanding boots**

I've got three pairs of Mtn Extreme boots for different hunting applications. They last forever and have been my go to for years. After the break in, they are extremely comfortable and durable.
