GENERAL INFORMATION .. to help you prepare for your Hunt.

Visa requirements/inoculations

- No visa is required for entry into Namibia. You will need only your passport. No inoculations are required.
- We advise clients to see to it that their tetanus shots are up to date. Our concessions fall outside high risk malaria areas, but the decision is yours. We carry first-aid equipment, so you do not need to bring any.
- Obviously, should you require special medication, bring that with you. Make sure you have ample sun lotion with you.
- Mexican clients need a visa. This can be ordered 6 months in advance through our offices in Namibia or through head office.

Rifle imports

- Namibia is one of the most hunter-friendly countries in Africa. You are allowed to bring as many rifles as you wish, with an allowance of a maximum of 80 rounds of ammo per rifle. If you do bring a shotgun, don't hassle with ammo. We will supply plenty. A rifle in the 300 Magnum range (300WinMag, 338, etc.) will be plenty for everything up to Eland.
- You will be required to fill out a Rifle Import/Export Application, which must be handed to the police at the airport. This form will be supplied by us when you book so you can have it filled out and ready when you arrive here.
- At the bottom of this form there is a table to be filled out.
- Some of the questions are a little confusing, so here is an example of what they required:

"Don't just be ... be the legend"

General information continued:

- **Type Calibre Serial No. Type Calibre Qty**
- Rifle 300Win Mag. B142675 Rifle 300 Win Mag. 80
- Shotgun 12 Gauge 266632 Shotgun 12 Gauge 100
- We will meet you at immigration and assist you with the rifles.

Clothing requirements

- Most important is a pair of well-broken-in, ankle-length boots. Bring a broad-brimmed hat to protect neck and ears against the sun. Bring something warm for the evenings and early mornings, especially during our winter (June, July, August). It gets cold at night! We prefer our clients to hunt in long pants and long-sleeved shirts. Both as sun protection and general protection.
- Most of our bushes have thorns! Make sure you pack no bright colours - khaki and/or faded blue, green, etc, will be best. Although we use camo in the bush, public use is reserved for police and military.
- Above all, travel light! We have daily laundry service in all our camps, which means yesterday's clothes will be available tomorrow. Three changes of clothes will do it.

Cameras, etc

- Our power supply is 220volt. If you will require re-charging, make sure you bring an inverter. The same is true for any electrical device (hair-dryers, etc.) Bring lots of film and make sure your camera bag is dust proof.

Camps:

- Our camps are set up to handle groups of up to 8 hunters with 8 observers. Groups larger than this will, of necessity, be split in between camps. Our law allows only one hunter per 17 000 acres.
- All of the camps have hot and cold running water. Bathrooms are all equipped with flush toilets, so you won't have to rough it too much.

Specie availability:

- Not all species are available in all camps. Best is to let us have you wish-list and leave the camp decision to us.

Costs:

- When you calculate costs according to our pricelist, you can rest assured that there will be NO hidden costs. What you see, is what you will pay.

**Safari confirmation:**

- A deposit of 50% will be payable to confirm any booking. Payment must be made either in cash, traveller's check or electronic transfer. **No Personal checks** is accepted in Namibia.
- No refunds on deposits will be made in case of cancellation of the safari, unless discussed with Outfitter.
- We reserve the right to change any terms, conditions and prices without notice. Rates at the time of the hunt will apply, unless you have already paid a deposit and booked the safari in question.

Liability:

- Whilst all reasonable precautions are taken to ensure the safety and good health of clients, no liability will be accepted for injury, illness and/or losses incurred during or after the safari.

Fire-arm requirement:

- A minimum calibre in the range of 300 Win Mag is required, or as discussed with Outfitter.
- Calibres smaller than this minimum can be used on certain species.
- Clients are responsible for the supply of their own fire-arms and ammunition, or rifles can be hired from Outfitter.
- It is recommended that a soft rifle bag, in addition to the rifle case, be brought along for transport between hunting.

Contract:

Please note that our prices and safaris is subject to the pre-signing of our standard hunting agreement.

You can download this direct from our website, below our price section.

THANK YOU FOR YOUR BUSINESS
