!!! Phone Orders Only. Payment processor cutoff.!!!

We were using Stripe for payment processing until March 2023 when we were notified that they do not allow the sale of ammunition and said they would be stopping payments in April. So we now have no way to process sales on the website and have to go back to the old fashioned ways until we can find another payment processor.

We can take orders by phone. Please call 920-897-4012. They haven't stopped the phone from working yet!

Sorry for any inconvenience. Thank you for your patience.

Practice, Intermediate, and High Velocity Ammunition

Nyati Inc is now producing Intermediate Velocity and Full Load High Velocity rounds using the same processes as our original Low Recoil Ammunition.

Practice with the Low Recoil rounds until you feel mastery with your rifle, then use it with Intermediate power rounds for typical hunting.

When you are facing off with Dangerous Game, have our Full Load High Velocity rounds chambered.
