

**COUNCIL OF MINISTERS REGULATIONS TO PROVIDE FOR WILDLIFE
DEVELOPMENT, CONSERVATION AND UTILIZATION**

These Regulations are issued by the Council of Ministers pursuant to Article 5 of the Definition of Powers and Duties of the Executive Organs of the Federal Democratic Republic of Ethiopia Proclamation No. 471/2005 and Article 17(1) of the Wildlife Development, Conservation and Utilization Proclamation No. 541/2007.

PART ONE

GENERAL

1. **Short Title**

These Regulations may be cited as the "Wildlife Development, Conservation and Utilization Council of Ministers Regulations No. 163/2008".

2. **Definitions**

In these Regulations, unless the context otherwise requires:

- 1/ "Proclamation" means the Development, Conservation and Utilization of Wildlife Proclamation No. 541/2007;
- 2/ the definitions provided under Article 2 of the Proclamation shall be applicable;
- 3/ "authorized officer" means the Director General, Department head, game warden, wildlife expert, game scout, assistant game scout, anti-poaching officer of the Authority or any other person appointed in writing by the Authority to fulfill the functions under the provisions of this regulations;
- 4/ "community wildlife development, conservation and utilization area" means any conservation area outside protected areas administered by either the government or private concessionaire, and put under the management and utilization of the local community;
- 5/ "license" means a permit given to any legal dealer or owner of wildlife and their products and include trophy hunting permit, hunting operation permit, capturing permit, taxidermy permit, live export permit, ownership certificate and wildlife filming permit.
- 6/ "dealer" means any person who is authorized by the Authority to carry on business in wildlife products and articles made of wildlife products including carving, polishing, exhibiting or otherwise preparing products or manufacturing any product from trophies;
- 7/ "CITES" means the Convention on International Trade in Endangered Species of Wild Fauna and Flora;

- 8/ “species” means a particular kind of animal or plant distinguished by morphological and genetical taxonomic categorization into specific group and includes sub-species;
- 9/ “Authority” means the Ethiopian Wildlife Conservation Authority;
- 10/ “revenue” means any money collected from hunting, filming, wildlife and wildlife product dealings, wildlife research fee, park entrance fee, campsite renting fee, license issuance and renewal fee;
- 11/ any expression in the masculine gender includes the feminine.

PART TWO

MANAGEMENT OF WILDLIFE CONSERVATION AREAS

3. Boundaries of Wildlife Conservation Areas

The existing boundaries of national parks, wildlife reserves, wildlife sanctuaries, wildlife controlled hunting areas, community wildlife development, protection and utilization areas shall be maintained or they may be re-delineated by the Federal and regional governments to improve their management.

4. Wildlife Conservation Areas to be administered by the Federal and Regional Governments

- 1/ Pursuant to the criteria provided for under sub-articles (1) of Article 4 of Proclamation, Simien Mountains National Park, Bale Mountains National Park, Nechisar National Park, Omo National Park, Abijata Shala Lakes National Park, Awash National Park, Senkele Swayne’s Hartebeest Sanctuary, Babilie Elephant Sanctuary, Gambella National Park, Alatish National Park, Kafta Shiraro National Park and Geraffe National Park shall be administered by the Authority; provided however, that the Authority may, where necessary, delegate its powers to the appropriate organs of regional governments.
- 2/ Wildlife conservation areas other than those specified under sub-article (1) of this Article shall be administered by the regional governments and local communities.

5. Prohibited Activities in National Parks, Wildlife Sanctuaries and Wildlife Reserves

- 1/ No person shall carry out any of the following activities in a national park, wildlife sanctuary or wildlife reserve unless otherwise provided in these Regulations:
 - a) possessing or transferring of any weapon;
 - b) hunting or fishing;
 - c) propelling any vehicle, aircraft or boat;

- d) picking, disturbing, destroying, damaging or defacing any natural or man-made object;
- e) undertaking agricultural activities or preparing land for cultivation;
- f) allowing to graze and water domestic animals;
- g) allowing, passing through or keeping any domestic or wild animals;
- h) undertake exploration and mining ;
- i) planting, cutting, chopping, removing, taking, damaging or transferring any plant species;
- j) setting or attempting to set fire;
- k) bee keeping or honey harvesting, removing or attempting to remove wildlife products;
- l) constructing roads or other structures or spoiling or disturbing the existing natural landscapes;
- m) using, spraying or disposing any pesticide or herbicide;
- n) selling or offering for sale any goods or providing services;
- o) displaying any notice or advertisement.

2/ Notwithstanding sub-article (1) of this Article the following activities may be permitted, in writing, by the Authority or the relevant regional organ to be undertaken in National parks and wildlife sanctuaries:

- a) bona fide tour operators and tourists may enter and stay in a national park or wildlife sanctuary and do such things as are permitted in accordance with directives issued pursuant to these Regulations;
- b) bona fide professional photographers, writers and artists may enter and stay in a national park or wildlife sanctuary and carry out their professional activities;
- c) Authorized officers and their families may enter and reside in a national park or wildlife sanctuary in the course of discharging their duties;
- d) Authorized officers and permitted scientists may collect wildlife products, cut or burn vegetation, propel vehicles and undertake construction works in accordance with these Regulations and directives issued hereunder;
- e) Based on agreements made between a national park or wildlife sanctuary management and the surrounding communities seasonal utilization of natural resources such as bee-keeping and honey harvesting, cutting and taking of forage and medicinal plant collection, may be permitted under controlled conditions.
- f) Mining and other development activities can be performed in accordance with wildlife development, protection and utilization activities.

- 3/ Notwithstanding sub-article (1) of this Article the Authority or the relevant regional organ may authorize:
 - a) government employees on duty in a wildlife reserve and their families and resident researchers to reside temporarily in the wildlife reserve; and
 - b) persons who were inhabitants of a wildlife reserve prior to the date of its establishment, to continue residing therein.
- 4/ Persons authorized to reside in a wildlife reserve pursuant to sub-article 3(b) of this Article shall have the right to cultivate their land plots without expanding, to allow their domestic animals graze and water, and to undertake bee keeping therein; provided however, that if the organ administering the wildlife reserve wishes to further develop the area, the inhabitants may be resettled elsewhere.

6. Hunting Wildlife

- 1/ Hunting any wildlife either within a controlled hunting area or a community conservation area or any other potential wildlife area shall be prohibited unless carried out in accordance with conditions of a permit issued pursuant to these Regulations with reference to a specific controlled hunting area.
- 2/ Hunting in the absence of a professional hunter and a hunting controller of the Authority or the concerned regional government shall be prohibited.
- 3/ Regions and the Authority shall demarcate controlled hunting areas and may give, through formal auction, concession to safari operators for a period not exceeding five years.
- 4/ No safari operator may be allowed to undertake hunting operations, without the consent of the concessionaire, in a controlled hunting area granted to another safari operator on concession.
- 5/ Safari operation license shall be renewed every year from 8th July to the 6th day of August.
- 6/ Any controlled hunting area concession agreement may be terminated on any of the following grounds:
 - a) unless renewed, where the concession period expires;
 - b) where the safari operator allowed the hunting of wildlife species not included in the permit or in excess of the authorized quota;
 - c) where the safari operator fails to settle, on time, the annual concession fee as provided in the concession agreement;
 - d) where the safari operator fails to meet his obligations under the concession agreement, in particular, with respect to natural resource management requirements within the controlled hunting area.

7. Community Wildlife Conservation Areas

- 1/ Local communities shall administer and develop community conservation areas and utilize wildlife resources therein.
- 2/ Local communities shall participate in eco-tourism activities and use the income for the development of the communities.
- 3/ With approval of annual quota by the appropriate body, a local community may allow the hunting of wildlife in its conservation area by legally authorized hunters; and use the income for satisfying the basic needs of the community.
- 4/ The local community shall:
 - a) by using its own funds or funds obtained from other sources, undertake development activities to improve the conditions of the wildlife conservation area;
 - b) train personnel required for wildlife conservation;
 - c) undertake development activities which are non-detrimental to the natural resources of the wildlife conservation areas;
 - d) mobilize financial contributions and labor to support the development of the wildlife conservation area;
 - e) determine utilization preferences in the wildlife conservation area in consultation with the relevant organ of the regional government.

PART THREE
LICENSES

8. Requirement of Obtaining License

No person may hunt or capture any game animal, take wildlife products, conduct filming within or outside of protected areas or undertake research on wildlife and their habitat unless he is the holder of a license.

9. Eligibility for License

- 1/ Any person who has been convicted of an offence or whose license has been revoked due to a violation of the law with respect to the conservation of wildlife during the period of five years preceding the date of an application for a license may not be eligible for a license to be issued in accordance with these Regulations.
- 2/ Any person who has not attained the age of 18 or who do not have a certificate of physical and medical fitness may not be eligible to apply for a professional hunting license.

- 3/ Without prejudice to the provisions of sub-articles (1) and (2) of this Article, other eligibility requirements of any license shall be prescribed by directives to be issued by the Authority in consultation with the appropriate organs of regional governments.
- 4/ Any person who wants to get a any license in accordance with these Regulations shall fill in the application form designed by the Authority and submit same together with evidences showing his fulfillment of the eligibility requirements.

10. Issuance of License

- 1/ The applicant shall be issued with the required license upon acceptance of an application submitted in accordance with Article 9(4) of these Regulations and upon payment of the appropriate license fee.
- 2/ Any license shall be subject to the provisions of these Regulations and to the conditions and limitations endorsed thereon.

11. Renewal of License

- 1/ Any license shall be renewed every year upon payment of the regular license fee from the 8th of July to the 6th day of August. or upon payment of additional fee thereafter.
- 2/ An application for renewal of license may not be accepted where the license is subject for suspension or revocation pursuant to the provisions of Article 17 of these Regulations.
- 3/ The applicant shall produce proof of government tax payments.

12. License Fees

- 1/ The license fees to be paid for the issuance or renewal of licenses pursuant to these Regulations shall be as prescribed in Table II of these Regulations .
- 2/ Where any licensee presents his license for late renewal:
 - a) within the period not later than the 6th of September, he shall be required to pay 30% of the license fee in addition to the regular payment;
 - b) after the 6th of September, he shall be required to pay 50% of the license fee in addition to the regular payment;.

13. Hunting Fees and Wildlife Products' Tariff

- 1/ The fees payable for hunting wildlife species and the price of wildlife products shall be in accordance with the tariffs prescribed on the tables attached to these Regulations; provided, however that fees not specified in

the tables shall be fixed by the Authority in consultation with the concerned regions.

- 2/ Any advance payment of hunting fees shall be non-refundable.

14. Carrying of Licenses

- 1/ The holder of any license shall carry it with him when engaged in any activity authorized by the license.
- 2/ Any license holder shall be required to register the data relating to the killing of wildlife species in accordance with the form attached to the license. The form shall be handed over to the issuing body together with the license upon the expiry of the license or departure of the licensee from Ethiopia.
- 3/ Any license holder shall enter in the form wildlife product obtained during the hunting before removing it from the hunting site; and in the case of a wildlife species merely wounded, the particulars shall be clearly recorded in the form.

15. Killed or Wounded Wildlife Species

- 1/ Any wounded or killed animal by the holder of a hunting license in any circumstance shall be counted against the hunter.
- 2/ Any licensed hunter shall pay:
 - a) twofold of the price of the wildlife as a fine if the trophy of a hunted wildlife is found to be below the required size;
 - b) twofold of the price of male wildlife if a female wildlife is hunted.

16. Transfer of License

- 1/ No person shall transfer any license to any other person or be entitled to use any license that does not belong to him; provided, however that if a tourist hunter cancels his safari due to circumstances beyond his control, he may, upon payment of 25% additional hunting fee, transfer his safari booking to his legally authorized agent within six months.
- 2/ If a licensed hunter is forced to cancel his hunting safari before beginning or completing his safari days due to circumstances beyond his control, he may continue with his safari within six months without payment of any additional fee.

17. Suspension and Cancellation of Licenses

- 1/ An authorized officer of the licensing body may suspend any license if the holder violates any of the provisions of these regulations or the conditions specified in the license. The head of the licensing body may lift or approve the suspension or cancel the license after investigation.

- 2/ Where any person is convicted for an offence committed in violation of the provisions of these Regulations, any license held by him at the time of the conviction shall be automatically cancelled unless the court specifically directs otherwise.
- 3/ The holder of a license which is cancelled shall hand over the same to the licensing body within five days.

18. Foreign Tourist Hunting License

- 1/ Foreign tourist license may be issued by the Authority to a foreign tourist hunter for hunting wildlife species specified on Table IV of these Regulations.
- 2/ The number of wild animals to be hunted by using a foreign tourist license shall be fixed by the licensing body depending on the approved annual hunting quota and shall be limited to a single wildlife from each species.
- 3/ Any tourist hunting license shall be valid for a period of two months from the date of its issuance.
- 4/ Certain wildlife species may be excluded from or added to the list shown on Table IV of these Regulations upon reviewing, from time to time, the status of the species and their habitat.

19. Resident Hunter License

- 1/ Resident hunter license may be issued by the appropriate regional body to resident foreign hunters or Ethiopians for hunting wildlife species specified on Table V of these Regulations.
- 2/ Resident hunter license shall be valid for a period of 15 days.

20. Game Bird Hunting License

- 1/ Game bird hunting license may be issued by the appropriate regional body for hunting game bird species specified on Table VI of these Regulations.
- 2/ Game bird hunting license shall be valid for one month from the date of its issuance.
- 3/ Taking into consideration the rainfall distribution of the hunting area and the game bird breeding season, hunting may not be conducted:
 - a) from the 8th day of June until the 9th day of December in the central highland parts of Ethiopia;
 - b) from the 10th day of March until the 5th day of September in the southern and eastern parts of Ethiopia.

21. Snipe Hunting License

- 1/ Snipe hunting license may be issued by the appropriate regional body to a foreign tourist or resident hunter.
- 2/ The snipe species to be hunted shall be only the great snipe (*gallinago media*) and the common snipe (*gallinago gallinago*).
- 3/ Snipe hunting season shall last from the 1st day of Nephase upto the 30th day of Tikmit.

22. Special Hunting License for Scientific Studies

- 1/ The Authority may issue special hunting license where the use of a game animal is required for scientific studies.
- 2/ A special hunting license shall be valid for such period as shall be specified thereon.
- 3/ Where the holder of a special hunting license lacks the required hunting skill, he shall conduct the hunting with the help of an expert assigned by the Authority.

23. Wildlife Trapping License

- 1/ A wildlife trapping license may be issued to capture any wildlife listed on Table VIII of these Regulations.
- 2/ The licensing body shall, before granting a wildlife trapping license, require the applicant to state to its satisfaction his experience in capturing and handling game animals, the purpose for which the captured animal is required, the proposed methods of capture and the crating and transfer arrangements at his disposal.
- 3/ Wildlife trapping license shall be valid for such period as may be specified thereon.
- 4/ Any wildlife died in the course of or subsequent to its capture shall be counted against the holder of the license.
- 5/ The holder of a wildlife trapping license may not use any snare, poison or poisoned weapon for capturing any wildlife or shoot at any wildlife except where it is necessary for the defense of himself or any other person; provided however, that the use of darting gun may be authorized by the licensing body.
- 6/ The holder of the license shall be liable for any injury inflicted to any person or damage caused to property by a captured wildlife.

24. Prohibited Animals for Hunting

No person may be allowed to hunt wildlife species listed in Table X of these Regulations except in accordance with Article 22 of these Regulations.

25. Prohibited Methods of Hunting

- 1/ No person shall, for the purpose of hunting:
 - a) approach to any wild life, within a distance of two hundred meters, using a motor vehicle, vessel or an aircraft;
 - b) set fire or drive or surround any wildlife by fire;
 - c) except with respect to nocturnal species, conduct hunting during darkness;
 - d) use dogs other than with respect to birds;
 - e) use any trap having a jaw length of eight or more centimeters or any similar snare made of wire;
 - f) automatically set shot gun, pitfall, trench, net, enclosure, snare, poison or any such injurious methods or any self-loading weapon;
 - g) use a fire arm of .22 calibers except with respect to small wildlife species such as birds, dik dik, duiker, hare and jackals;
 - h) use air rifle or pistol for any wildlife other than for small grazers;
 - i) use fire arm from 0.240 to 0.300 caliber for any wildlife except medium sized wild animals such as grant's gazelle, bohor, bushbuck and lesser kudu, etc;
 - j) use fire arms other than from 0.300 to 0.378 caliber for larger wildlife species such as oryx, kudu and waterbuck etc;
 - k) use firearms other than from 0.375 to 0.600 caliber for larger and dangerous wildlife species such as buffalo, hippopotamus, lion and leopard;
 - l) use any explosive projectile, bomb or grenade;
 - m) except in accordance with the written authorization of the licensing body, use any missile or projectile containing any drug or chemical or substance which has the property of anesthetizing, paralyzing, stupefying or rendering incapable, whether partly or totally any game animal.
- 2/ The provisions of sub-article (1) of this Article shall not apply to authorized officers or to persons acting in accordance with a specific written authorization given by the licensing body.

PART FOUR

LAWFUL POSSESSION OF WILDLIFE AND WILDLIFE PRODUCTS

26. Certificate of Ownership

- 1/ The licensing body may, upon receipt of an application completed on the prescribed form, issue a certificate of ownership to the possessor of any wildlife or wildlife products acquired in compliance with the provisions of these Regulations. Apart from certificate of ownership, CITES certificate shall be issued when necessary.
- 2/ Any person selling or transferring any wildlife or wildlife products to any person shall, at the time of the transaction, transfer the certificate of ownership to that person and shall endorse thereon the date and particulars of the transaction.

27. Wildlife Dealer's License

- 1/ No person shall engage in the business of trading wildlife, wildlife products or articles made of wildlife products including carving, mounting or otherwise preparing wildlife product or manufacturing any article from wildlife products unless he is the holder of a wildlife dealer's license.
- 2/ The holder of a wildlife dealer's license shall maintain records of his dealings in the manner prescribed by the licensing body and shall, upon request, produce the records for inspection.
- 3/ Wildlife dealer's license shall be renewed every year upon payment of the appropriate renewal fee.

28. Importation of Wildlife and Wildlife Products

- 1/ Wildlife and wildlife products may be imported only through customs port of entry upon presentation of satisfactory evidence to show that they have been lawfully exported from the country of origin and upon presentation of health certificate.
- 2/ Where the wildlife or wildlife products are of CITES species presentation of CITES export permit obtained from their country of origin and, where they fall under CITES Appendix I, CITES import permit obtained from the Authority shall be required.

29. Exportation of Wildlife and Wildlife Products

- 1/ Any person who exports wildlife or wildlife products shall:
 - a) obtain export permit from the Authority upon presentation of a certificate of lawful possession in respect of such wildlife or wildlife products;

- b) observe the conditions of the export permit issued by the Authority;
 - c) pay all legally applicable charges and taxes;
 - d) where the wildlife or wildlife products are of CITES species, obtain CITES export permit from the Authority as well as CITES import permit from the country of import where they fall under CITES Appendix I.
- 2/ Any wildlife or wildlife products export permit shall be valid only for six months from the date of issuance.

30. Wildlife or Wildlife Product in Transit

- 1/ Any wildlife or wildlife product in transit through Ethiopia shall be accompanied with:
- a) the necessary transit documents and health certificate issued from the country of origin; and
 - b) CITES permit if the wildlife or wildlife product is a CITES species.
- 2/ If the wildlife or wildlife product is a CITES species and the country of origin is not signatory to CITES, the wildlife or wildlife product shall not be allowed to transit through Ethiopia.

31. Unlawful Possession of Wildlife and Wildlife Products

- 1/ No person may possess, deal in, export or import any unlawfully obtained wildlife or wildlife products.
- 2/ Any unlawfully possessed wildlife or wildlife product shall be seized and, upon the order of a competent court, shall be owned by licensing body.
- 3/ Where unlawfully possessed wildlife or wildlife product is confiscated in accordance with the provisions of sub-article (2) of this Article, 30% of its value shall be paid, as a commission, to the person acted as an informant leading to its recovery and 10% of its value to the person who actually seized it, or 40% of its value to the person who accomplished both such deeds.

32. Disposal of Wildlife Products

- 1/ Where any wildlife product is proved to be of no use, it shall be disposed of in a manner having no adverse effect to the local community and the ecology.
- 2/ The disposal procedure shall be executed in presence of observers assigned by the licensing body.

PART FIVE
MISCELLANEOUS PROVISIONS

33. Wildlife Endangering Human Life or Causing Damage to Properties

- 1/ Nothing herein contained shall apply to the killing or wounding of wildlife in the defense of human life; provided however, that this provision may not exonerate any person who, when such defense becomes necessary was committing an act in contravention of any provision hereof.
- 2/ Any person shall be entitled to hunt any wildlife causing damage to his property and to employ in so doing methods, other than using poison, which would otherwise be prohibited hereunder.
- 3/ Any person shall, whenever possible, notify the concerned licensing body of his intention to hunt any wildlife pursuant to sub-article (2) of this Article. The licensing body may, on receiving such notification, prohibit the person from hunting and undertake alternative measures by itself to avoid damage to the person's property or instruct the person to undertake the proposed alternative measures.
- 4/ Any person killing or wounding a wildlife under pursuant to this Article shall, as soon as possible, report the incident to the licensing body or the nearest administration or police organ. The wildlife product obtained from such killing shall be the property of the licensing body.
- 5/ Any authorized officer may kill any wildlife by employing the appropriate method if he considers it necessary for the protection of public interest.

34. Tourist Hunter's Assistants

- 1/ Any person assisting a tourist hunter may not wound, kill, capture or shoot at a wildlife which has been previously wounded by such hunter unless himself is the holder of a license issued pursuant to these Regulations.
- 2/ Any wildlife wounded, killed or captured by a tourist hunter's assistant shall be counted against the tourist hunter.

35. Pursuit of Wounded Wildlife and Danger Reports

- 1/ Any person who has wounded a wildlife shall make all possible efforts to kill it; provided however, that he shall not follow the wounded game animal into a wildlife conservation area unless he is the holder of the license authorizing him to hunt such species.

- 2/ Any person who has wounded buffalo, elephant, hippopotamus, leopard or lion shall, as soon as possible, submit to the licensing body or the nearest administration or police organ a danger report specifying:
- a) the kind of animal wounded;
 - b) the date, time and place of the wounding;
 - c) the nature of the wound and the weapon by which inflicted;
 - d) efforts made to pursue the animal after wounding; and
 - e) any other information likely to be of use in locating and identifying the animal.

36. Revenue Sharing

The Authority shall transfer to the concerned regions 85% of the revenue collected from trophy hunting, live export and filming.

37. Penalties

Any person who contravenes the provisions of these Regulations shall be punishable in accordance with the provisions of the Proclamation and Criminal Code.

38. Effective Date

These Regulations shall enter into force as of their publication in the Federal Negarit Gazeta.

Done at Addis Ababa, this 18th day of February, 2009.
