Perfect for our active lifestyle.

I've been looking for this type of first aid item forever. I have always been into adventure sports, travel, dog sports as well as raising kids to follow in my footsteps. I worked in construction my entire career, as a EHS professional and had I been aware of your product, I would have written the use of your product into safety requirements on some of the largest construction projects in the country.

Thank you for your feedback! We're glad to hear that our Rhino Splints Kit meets your needs. It's always inspiring to hear how our products can be useful in various aspects of life, including adventure sports and construction safety. If you have any specific suggestions or additional feedback, we'd love to hear it. Your insights are invaluable to us.

Really impressed

Although we haven't had to use our wound closure kit (and hope we never have to), we were very impressed with the quality. We also got 2 first aid kits. Really well made, has everything you'd need in an emergency. We keep one in the car and one with camping gear.

Thanks so much!

Thank you for your feedback! We're glad to hear that you're impressed with the quality of our wound closure kit and first aid kits. It's always wise to be prepared, and having one kit in the car and one with your camping gear is a great strategy. If you have any questions or need further assistance, feel free to reach out. Stay safe!
