

New – AUS Mounts in 1.70-inch bore height

## ROF™-SAR 34MM FOR LEUPOLD® DELTA POINT PRO

\$159.95

The Reptilia® ROF-SAR is a drop-in upgrade for magnified scopes, it adds a mounting point for a Leupold Delta Point Pro® to provide a fast, close-range option to your magnified scope.

The ROF-SAR can easily position the reflex optic at 90°, 45°, or any angle the user prefers. The ROF Riser can be added if additional height is needed to clear a host scope's turrets.

- Machined from billet 7075-T6 aluminum
- MIL-STD, Type III, hardcoat anodized
- 48 grams
- Made in USA
