**Description**

Here is a rare one. This is a Ruger M77 MKII Magnum chambered in the classic 416 Rigby. This rifle comes with a Leupold VX-III 2.5-8x scope and 12 boxes of Hornady 416 Rigby (200 live rounds, and 37 fired brass). This rifle has had exactly 20 rounds through it since it left the factory. (The rest of the fired brass was shot through another 416 Rigby rifle the consignment owner used to have.) The wood is absolutely beautiful. Make sure to view all of the provided pictures to understand the excellent condition and quality of this rifle. According to Ruger, this rifle was originally shipped in 2006. It was purchased by the long-time original owner to take on a trip to Africa. Unfortunately, he was unable to take the trip and the rifle sat unfired and unused for many years until it was sold to the current owner. The current owner has taken it out on one range trip and has fired 20 rounds through the rifle. Employees of our store were present for this and can verify the rifle was fully functional as new at the time of firing.

Don't miss your chance to win this rifle for yourself. This will surely not last long!
