**Well worth the refurbished price.**

Great hunting scope for a full sized magnum rifle. Heavy, well built. Illumination control is unique and effective. Glass is SCHOTT and scope is German made. Illumination is daylight bright. Turrets are solid with positive clicks. 2-10x50 30mm SFP is perfect for hunting. Reticle subtensions are fine and easy to pick up in daylight. Punches well ab...[Read More](#)

OVERVIEW

The Steiner 2-10x50mm Nighthunter Xtreme Riflescope is made for all hunting situations. It is the all-round hunting riflescope, powerful enough for twilight hide hunting as well as moonlit nights. But also easy to handle during stalking. The generous field of view ensures that you remain situationally aware. The model 6250 scope comes equip withe the 4A-I reticle with the automatic red-dot on/off.

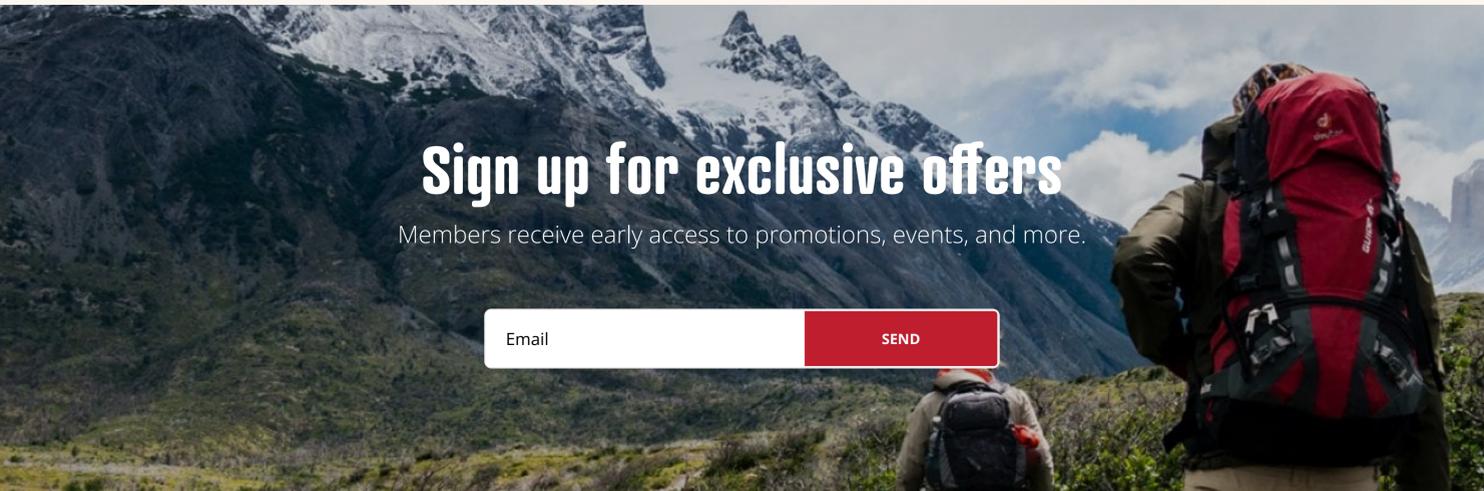

- Magnification True 5x
- Tube Diameter 30mm
- Length 13.8
- Weight 25.2 oz
- Item no. 6250
- Diamond Coating for maximum light transmission, over 95% on all models
- Waterprrof/submersible
- Rugged Mil-Spec construction
- Nano-Coating on all exterior lenses. Keeps water and dirt away from gathering on the glass surface for easy cleaning
- Smart Illumination with variable dimming red-dot. If the gun is tilted or layed on its side the red-dot turns off. Bring the gun into shooting position and the red-dot turns on automatically.
- 4A-I Reticle with Parallax adjustment. Prevents aiming errors caused by astigmatic aberrations
- Lifetime Warranty, fully transferable
