Description

After decades in the forefront of the US military, **Trijicon** has taken everything they've learned and packed it into the rugged and affordable **Trijicon Credo Series Riflescopes**. With multiple illuminated reticle options, including red and green colors, and anti-reflective glass, the **Credo** offers edge-to-edge clarity that can withstand extreme conditions out in the field.

Features of Trijicon Credo Riflescopes

- Diopter accommodates the shooter's individual prescription
- Accommodates different shooting positions and rifle configurations
- User-selectable LED brightness settings with an "off" in between each setting to adapt to any environment
- Crisp, precise, windage / elevation adjusters require no tools and are designed to prevent accidental shift
- Matte finish and easy-grip controls for fast, intuitive adjustments
- Ultra Durable for Ensured Reliability
- Ruggedized design engineered to withstand extreme conditions and tested to military standards and protocols
- Fully multi-coated broadband anti-reflective glass provides excellent light transmission, true detail and color with zero distortion on most models
- Illuminated reticles provide a clear aiming point that draws the shooter's eye for fast engagement
- Choose from a variety of specially engineered reticle designs for fast ranging and holdovers
- Fast Scanning, Detection, and Tracking
- Extra-Wide field of view for maximum situational awareness
- Made in Japan
