### Description

## Small arms ammunition primers made in America.

Located in a state-of-the-art facility in Arkansas, USA, WRE supports a wide range of domestic and international clients in defense and sporting markets through the manufacture and distribution of primers for small caliber ammunition.

Our manufacturing capabilities not only include metallics manufacturing, automated primer mix production and our own proprietary assembly and packaging cells, but the manufacture of smokeless propellant.

**WARNING:** This product can expose you to Lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to – [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
