[Description](#)
[Quick Overview](#)
[Reviews](#)

Winchester's Model 70 Super Grade features a finely checkered, AAA Maple stock with an ebony forearm tip and a gloss finish. The shadowline cheekpiece defines the timeless grace and elegance of this Model. A one-piece steel bottom metal adds extra rigidity to the Super Grade's stock and action for improved accuracy, and inletted sling swivel studs allow you to attach your favorite sling. The forged steel receiver with integral recoil lug is bedded front and rear to eliminate shifts in zero for exceptional long range accuracy. A Pre-64 Style controlled round feed with claw extractor fully controls the cartridge from magazine, to chamber, to ejection. The decorative steel crossbolt adds strength, rigidity and a touch of stylish refinement. Inside is the M.O.A Trigger System, with zero take up, zero creep and zero overtravel for outstanding accuracy. The Model 70 Super Grade has a Pachmayr Decelerator Recoil Pad for optimal protection against felt recoil.
