I am selling this beautiful fully restored 1938 pre war heavy barrel pre 64 model 70. This rifle was restored by the guys at Pre64win in Montana. They are world renowned by their incredible work and this rifle shows just that. I have included the list of everything that was done to it when pre64 restored. I had it topped off with best dangerous game scope on the market, a Swarovski z8i 1-8x24, it is currently zeroed in with 300gr Barnes TSX's and it stacks them right on top of each other. It is an absolutely stunning setup and is Cape buffalo ready! And yes this rifle was formerly owned by JV of Field Ethos, he was the one that initiated the restoration project but pre64 had another rifle that he was more interested in and that left this one needing to be sold. I purchased it and currently don't have a need for it, I have turned my attention more towards mountain hunting than africa hunting. Will also sell rifle without scope if interested. I would not advise it as it is dead on and ready to kill.

\*\*all watchers and everyone interested in this setup, please message me and let's talk about a deal, wanting to move this asap\*\*
